Innovating Tomorrow in Tech & Logistics

About EquaMeridian Holdings

EquaMeridian Holdings

- **EquaMeridian Holdings (Pty) Ltd** is a South African-based, black-owned company founded by two young entrepreneurs with complementary expertise across technology, logistics, and construction services.
- The company was established with a clear purpose: to deliver integrated, reliable, and innovative solutions that respond to the evolving needs of modern businesses and infrastructure projects.
- **EquaMeridian Holdings** caters to **both local and global markets**, positioning itself as a versatile service provider capable of supporting projects across multiple industries and geographical regions.
- By combining **digital innovation with physical infrastructure** and operational support, the company offers end-to-end solutions that enhance efficiency, sustainability, and long-term value for its clients.
- Driven by professionalism, innovation, and growth, **EquaMeridian Holdings** is committed to contributing meaningfully to economic development, while building trusted partnerships locally and internationally.

Vision & Mission

EquaMeridian Holdings

Vision

To be a leader in integrated tech, logistics, and construction solutions, driving innovation, sustainability, and growth for businesses across diverse industries and regions.

Mission
